Your Voting Options in the 2020 General Election

The 2020 General Election gives voters a chance to decide races and issues at the local, county, state and federal level. The ballot will be the biggest we've seen in quite a while, and we encourage all voters to research the candidates and issues before voting. For that purpose, this booklet contains information regarding all local tax and debt-related issues voters will decide in this election.

Ballots will be mailed to all active registered voters beginning Oct. 9, please check your registration status at www.GoVoteColorado.gov to ensure you receive a mail ballot. If you don't receive a ballot in the mail, go to www.ArapahoeVotes.com or call 303.795.4511 to learn how to obtain a replacement, including a curbside pickup option.

Please return your ballot to any one of our 32 ballot drop boxes by 7 p.m. on Election Day, Nov. 3, or mail it with 55 cents postage (one Forever Stamp), by Oct. 26. You can track your mail ballot online at www.ArapahoeVotes.com/ballot-track and sign up for free text or email messages when it is received.

Voters may also visit one of our 29 Voter Service and Polling Centers between Oct. 19 and Nov. 3 to return a voted ballot, register or update registration information, get a replacement ballot, or vote with accessible devices or language interpretation services. A list of VSPC and Ballot Drop Box locations follows this page.

As an Arapahoe County voter, we welcome your feedback and ideas. Please share any questions or comments you have with us at 303.795.4511 or elections@arapahoegov.com.

Be safe, be confident and be heard!

Sincerely,

Joan Lopez
Arapahoe County
Clerk and Recorder

ARAPAHOE
VOTES

About This Booklet

This booklet contains summary statements for ballot issues as required by the State of Colorado Constitution, Article X, Section 20, also known as the **Taxpayer Bill of Rights (TABOR)**.

The information contained in this TABOR notice was prepared by persons required by law to provide summaries of ballot issues and fiscal information.

A "YES" vote on any ballot issue is a vote in favor of changing current law or existing circumstances; and

A "NO" vote on any ballot issue is a vote against changing current law or existing circumstances.

This notice is mailed to each address with one or more active, registered electors. You may not be eligible to vote on all issues in this notice.

Arapahoe County does not warrant the accuracy or truth of any statement made in the summaries submitted by other political subdivisions, nor is it responsible for errors in spelling, grammar or punctuation of the submitted statements.

This notice does not contain information on statewide measures. Find analysis of statewide measures in the Colorado Legislative Council's Blue Book at www.colorado.gov/bluebook.

Total Repayment Cost:	\$764,173,095
Excluded from debt are enterprise and annual appropriation obligations.	

Summary of Written Comments For Issue 4A:

Yes on 4A – Retain Excellent Teachers and School Nurses for CCSD students.

YES on 4A ensures that the Cherry Creek School District (CCSD) has the financial resources necessary to continue to provide excellence in all classrooms and value to taxpayers.

Yes on 4A helps rectify the drastic underfunding by the state and the unforeseen budget demands inflicted by the COVID-19 pandemic. These two financial calamities have forced CCSD to face a \$60 million budget shortfall over the next two years.

Over the last few months, with the help of the community-based Budget Task Force, CCSD has incorporated prudent budget management tactics to cut more than \$10 million from its budget. But to ensure CCSD's academic excellence and maintain high property values it is critical to support this \$35 million infusion in their budget and vote Yes on 4A.

Yes on 4A allows CCSD to continue to operate in a manner that ensures every student has the opportunity to succeed by providing safe classrooms, instruction by excellent teachers, and support by nurses and mental health professionals in every school.

CCSD facts:

- Teachers average 10.6 years' experience and 79% have advanced degrees.
- CCSD has one of the lowest teacher turnover rates in the metro area.
- Parents rate CCSD's excellent teachers as one of the top strengths of CCSD.
- CCSD is the only school district in the state that has a registered nurse in every school in the middle of a global pandemic.
- The innovative 3-2-1 mental health model is critical to providing excellence. High schools each have 3 mental health professionals, middle schools have two, and elementary schools have at least one.
- Quality experienced teachers help to maintain safe learning environments. Experienced teachers have an eye for early intervention.
- Several other metro area school districts have recently passed or plan to ask their voters for revenue dollars. If voters do not approve CCSD's proposed mill levy override, those districts could attract CCSD's high-quality teachers putting CCSD students and the local economy at risk. Well-funded schools equal better jobs for CCSD kids and competitive home values.

Here is what YES on 4A means to you:

- Retain and recruit high-quality teachers.
- Maintain registered nurses in every school.
- Maintain mental health staffing.
- Keep class sizes small.
- Keep CCSD schools competitive with metro area schools.
- Support strong property values.
- Invest in jobs to support a strong economy in CCSD communities.

If 4A does not pass, CCSD will be forced to make \$60 million in cuts that will impact classrooms. CCSD may encounter staff retention issues and fewer opportunities for students to be educated in safe learning environments.

Now is the time to reinvest in excellence for CCSD children, the community and the local economy. A "Yes" vote on both 4A and 4B will accomplish these objectives for only \$1.65 per month for each \$100,000 of actual home value. Please vote YES on 4A.

-Continued on next page-

CHERRY CREEK SCHOOL DISTRICT NO. 5

Summary of Written Comments Against Issue 4A:

No comments were filed by the constitutional deadline.

Summary of Written Comments For Issue 4B:

“Yes on 4B” – Mental Health & Safety

Prior to the COVID-19 pandemic, the Cherry Creek School District (CCSD) worked with community stakeholders to recommend a significant capital bond proposal addressing aging buildings and major expansion of innovative learning. After facing the massive hurdles of a global pandemic and having more conversations with the community, CCSD decided to reduce the amount of the bond and budget proposal and to focus on ensuring academic excellence for every child, addressing immediate mental and physical health needs of CCSD students, and maintaining safe and secure schools.

Innovation is at the heart of Yes on 4B. CCSD strives to be the first school district in Colorado to build a mental health day treatment center for CCSD students. Yes on 4B provides needed safety and security upgrades to all schools and gives all of our traditional high schools an infusion of academic innovation. Yes on 4B provides an opportunity for students to take advantage of career training programs in medicine and public health and other in-demand jobs. CCSD is also focused on ensuring all students have access to the technology necessary to be successful in school – whether in the classroom or learning remotely.

Yes on 4B is a smart investment in CCSD’s future and our state’s economy. It will benefit students throughout the community by maintaining class size, repairing facilities, and modernizing aging technology. A “yes” vote on 4B will make our schools safer, enhancing the opportunity for our children to learn, and will make the future brighter for students.

In addition:

- Student mental health remains a top priority for CCSD families and our community.
- Several other metro area school districts are asking their voters for bond dollars this November. If their bond issues pass, and CCSD’s does not, those school districts would begin to have newer academic facilities, putting CCSD students and the local economy at a disadvantage. Well-funded schools equal competitive home values.
- CCSD has only received a minimal amount of Colorado’s marijuana tax revenue for schools – and nothing that can be used to pay for teacher salaries or capital projects.

Yes on 4B – A \$150 million bond measure to address pressing needs throughout CCSD

Including:

- A mental health/day treatment center for CCSD students.
- New safety systems for schools including intercoms and push-button deadbolt locks.
- Camera and fire system upgrades throughout CCSD schools.
- Funding for every high school to create innovative environments.
- Expanded programming options for in-demand careers that will drive Colorado’s economy.
- Expanded nursing and mental health certification programs.
- A new elementary school on the east side of CCSD to alleviate overcrowding.

A “Yes” vote on both 4A & 4B, will accomplish these objectives for only \$1.65 per month for each \$100,000 of actual home value. Please vote “Yes on 4A. This is NOT a wish list, these are MUST HAVE improvements for CCSD kids, the community, and the future.

Proposed District Tax Increase

Estimated maximum dollar amount of proposed tax increase in first full fiscal year:	\$12,000,000
Estimated first full fiscal year spending without the increase:	\$178,397,600

Summary of Written Comments For Issue:

A yes vote on 4C is an investment in our kids, our schools and our community. Excellent public schools are a consistent community priority that has allowed Littleton's reputation to flourish as a great place to live and raise a family.

Littleton Public Schools' slogan, "Big enough to serve you; small enough to know you" is an accurate portrayal of the district's culture. LPS has received the Colorado Department of Education's highest accreditation eight of the nine years it has been offered -- more than any other Denver metro-area school district.

-Continued on next page-

ARAPAHOE COUNTY SCHOOL DISTRICT #6

LPS offers a comprehensive education from preschool through Grade 12 to approximately 15,000 students. Students attend 13 elementary schools, 4 middle schools, 3 high schools, several alternative programs, preschools, and 2 charter schools. LPS teachers are caring professionals who are devoted to helping every student achieve their highest potential. LPS teachers average 12 years of experience and nearly 80% have advanced degrees.

Colorado has shortchanged LPS more than \$156 million over the past decade because of the State of Colorado's chronic inability to adequately fund its public schools. This has placed tremendous pressure on the district's budget. No state solutions are in sight.

After making \$4.2 million in cuts for the 2020–2021 school year and with looming projected cuts of \$12 million for 2021–2022, the LPS Board of Education recognized that these budget cuts will negatively impact the academic excellence the community values and expects of its schools. If local solutions are not found, people and programs will face drastic cuts for the 2021–2022 school year and beyond. Those cuts include program reductions to specials/electives, career tech, alternative education, and preschool programs, among others. Cuts will also force increased class size, increased fees for athletics and activities, reductions in transportation services, and reductions in employee compensation.

LPS conducted two community surveys and respondents expressed support for a local mill levy increase to keep quality teachers, provide a variety of programs for students of all ages, help ensure physical safety, provide mental health supports, and expand career and technology classes that provide students with real-world job skills. Two-thirds of survey respondents prefer that the LPS community invest in the school district given reductions in state funding, rather than experience even further cuts to people and programs that affect students.

If 4C is passed, the district would raise roughly \$12 million. The money raised will be held in a separate fund with a separate Board of Education-approved budget, and this new fund will be included in the district's annual audit.

We need to invest in our local schools to continue the legacy of excellence for generations to come. Quality schools increase our property values, thus protecting our biggest financial investment - our homes. More than ever, we need to come together to support our kids, our schools, and our community.

Vote YES on 4C to keep our schools strong.

Summary of Written Comments Against Issue:

Littleton Public Schools (LPS) thinks it is entitled to ask the local taxpayers for even more funding yet again. We are in the middle of a pandemic with the local community, including small businesses, struggling to even survive.

They state that over \$156 million has been withheld from them by the State over the past decade. But they fail to point out that the local taxpayers have provided over \$28.8 million in each of the past 10 years, or over \$288 million in support of LPS. That level of support is scheduled to continue regardless of the outcome of this election.

They also claim that the current mill levy override provision, that caps the available request to 25% of the Public School Finance Total Program funding to the district, is too restrictive at \$6.9 million.

That provision is based on the district's total enrollment, which includes both district students and non-district students. The non-district student population has been about 20% of the total enrollment for many years. Why is that distinction important for property tax purposes? Because only district residents contribute to the bond payments and to mill levy overrides. Based on a flaw in the calculation, local taxpayers have been providing LPS with a 20% premium (currently about \$5.8 million extra) over the level of mill levy override had the calculation been based only on district students. Yet they are telling us, even that excessive level of local taxpayer support is not sufficient for them. They want an additional \$12 million (about 6 mills) on top of the current \$28.8 million of mill levy overrides they are receiving from the local taxpayers. Plus, they wish to add an additional 1 mill for each of the next five years as well, for a total of around 11 mills over the current level.

They wish to use a new provision called Debt-Free Schools, without any caps or limitations. That new provision could have been used for the construction activities as well. But instead, they saddled the local taxpayers with \$298 million in 25-year bonds (or out to the year 2043) with a tax-exempt interest rate of 5 – 5.5%. They intend to use this new provision to impose an even greater mill levy override on the local taxpayers.

The official pupil count will not even be known until after the November election. Maybe the district enrollment will continue to decline. Therefore, we should not be locking in a mill levy override amount until more facts are known to us.

We would expect a declining enrollment district to cut expenses, that would be appropriate. To continue to ask the local taxpayers to support excessive levels of funding for their vision of a regional educational empire is not.

This is too much, too soon. Vote NO on the latest Littleton Public Schools request. NO on 4C.

BYERS SCHOOL DISTRICT NO. 32J

ADAMS AND ARAPAHOE COUNTIES, COLORADO

ALL REGISTERED VOTERS

NOTICE OF ELECTION TO INCREASE TAXES ON A REFERRED MEASURE

Election Date and Hours: November 3, 2020, 7 a.m. – 7 p.m.

SHALL BYERS SCHOOL DISTRICT NO. 32J TAXES BE INCREASED UP TO \$90,000 ANNUALLY AND SHALL THE DISTRICT BE AUTHORIZED TO CONTINUE TO COLLECT \$150,000 (THE AMOUNT OF THE TRANSPORTATION TAX APPROVED IN 2015 WHICH EXPIRES IN 2020) RESULTING IN A TOTAL OF \$240,000 ANNUALLY FOR FIVE YEARS COMMENCING IN TAX COLLECTION YEAR 2021 TO BE USED FOR GENERAL FUND AND CAPITAL IMPROVEMENT PURPOSES OF THE DISTRICT INCLUDING:

PROVIDING A MATCHING CONTRIBUTION OF \$1,088,756.50 IN ORDER TO RECEIVE A BEST GRANT FROM THE STATE OF COLORADO IN THE AMOUNT OF \$586,253.50, WHICH GRANT HAS BEEN AWARDED AND THE RECEIPT OF WHICH IS CONTINGENT UPON THE DISTRICT'S ABILITY TO PROVIDE THE MATCHING AMOUNT, FOR HEALTH AND SECURITY IMPROVEMENTS INCLUDING PROVIDING SECURITY DOORS AND INCREASED SECURITY THROUGHOUT THE DISTRICT, HEATING, COOLING VENTILATION AND CONTROL SYSTEM UPGRADES AND REPLACEMENTS, AND UPGRADING VENTILATION IN THE VO-AG BUILDING; FOR THE HEALTH AND WELL BEING OF DISTRICT STUDENTS AND STAFF;

BY AN ADDITIONAL PROPERTY TAX MILL LEVY IN EXCESS OF THE LEVY AUTHORIZED FOR THE DISTRICT'S GENERAL FUND, WITHOUT LIMITATION AS TO RATE, PURSUANT TO AND IN ACCORDANCE WITH SECTION 22-54-108, C.R.S., AND SHALL THE DISTRICT BE AUTHORIZED TO COLLECT, RETAIN AND SPEND ALL REVENUES FROM SUCH TAXES AND THE EARNINGS FROM THE INVESTMENT OF SUCH REVENUES AS A VOTER APPROVED REVENUE CHANGE AND AN EXCEPTION TO THE LIMITS WHICH WOULD OTHERWISE APPLY UNDER ARTICLE X, SECTION 20 OF THE COLORADO CONSTITUTION OR ANY OTHER LAW?

FISCAL INFORMATION

Actual Historical and Current Estimated Fiscal Year Spending

Year	Fiscal Year Spending
2020-2021 (estimated)	\$5,216,703
2019-2020 (actual)	\$5,851,625
2018-2019 (actual)	\$5,464,528
2017-2018 (actual)	\$5,670,733
2016-2017 (actual)	\$5,507,006
Overall percentage change in fiscal year spending over the five-year period from 2016-2017 to 2020-2021:	(5.27)%
Overall dollar change in fiscal year spending over the five-year period from 2016-2017 through 2020-2021:	\$(290,303)

Proposed District Tax Increase

Estimated maximum dollar amount of proposed tax increase in first full fiscal year – BALLOT ISSUE 5A:	\$240,000
Estimated first full fiscal year spending without the increase:	\$5,500,000

Summary of Written Comments For Issue 5A:

Colorado Department of Education awarded a BEST Grant contingent on matching funds for the project. If passed, the Byers School will receive funding for several facility improvements including: HVAC replacement in the Elementary and Secondary Schools, Security upgrades to outside doors in the Elementary classrooms, Welding ventilation in the VO-AG shop.

The average residential cost for a \$300,000 home will increase taxes \$28.11 annually, that's \$2.34/month to support the additional \$90,000.

The mill-levy request will expire after 5 years.

Maximum Annual Repayment Cost:	\$ 848,600
Total Repayment Cost:	\$4,991,113
Excluded from debt are enterprise and annual appropriation obligations.	

Summary of Written Comments For Issue 5B:

Let's support our kids and our community by passing Ballot Issue 5B in November. Addressing key infrastructure needs relating to student safety, overcrowding, and aging facilities will benefit all Strasburg students. Strasburg school administrators made a dedicated effort to understand voter concerns when last year's bond initiative failed; they listened to comments from community surveys and responded with a new initiative that asks less of taxpayers while providing an opportunity to leverage \$3.69 million in matching grant funding from the state. The \$19.8 million bond initiative must pass in order for Strasburg to get this grant funding, which does not have to be repaid but which would go to another district if rejected by Strasburg voters.

Strasburg is growing and elementary school enrollment already exceeds building capacity and fire code. District assessments identified a number of life safety and facility maintenance issues with existing school buildings. Additionally, current transportation routing does not provide adequate separation of bus, delivery, and community traffic to ensure student safety. Issue 5B is thoughtfully targeted to address each of these critical issues.

The main features of 5B will be:

\$3.6 million in matching BEST grant funding from the state, contingent upon the district providing \$6.3 million in funding from the bond initiative. This will fund upgrades to aging mechanical, fire alarm, and public address systems to improve the learning environment. Construction of six additional elementary school classrooms to address community growth.

Relocation of district maintenance and support facilities to address site concerns, as well as elementary school site safety and security improvements to address parent and bus drop off.

Construction of a shared elementary and high school gymnasium.

If 5B passes, the cost impact to Strasburg area homeowners will be \$5.52 per month, per \$100,000 in assessed value.

The increase in taxes amounts to less than many of us spend each month on recreational pursuits, and will benefit our children and our town in a meaningful and enduring way. In rural America, schools are often the lifeblood of their communities, nurturing a sense of pride and unity, and creating a shared commitment to service. Studies show that this kind of social cohesion reaps for communities a host of benefits, including increased safety, stability, and economic activity. Regardless of our personal connection to Strasburg Schools, let's vote yes for Strasburg's kids and for a vibrant, connected community well into the future!

Summary of Written Comments For Issue 6A:

The Sundance Hills Metropolitan District is responsible for the operation, maintenance, and repair of the District's park and recreation facilities, which include the swimming pool, Sailfish room, tennis courts and playgrounds. These facilities are the core of the community and provide all residents with safe and fun activities to share with their friends and families. Voting YES on this question will ensure that these facilities will remain a central gathering place for the community for years to come.

Like all facilities, keeping the swimming pool, sailfish room, tennis courts and playgrounds in top conditions requires financial support from the community. This question authorizes the District to borrow funds needed to repair, replace and improve the amenities enjoyed by the community.

This is a perfect time to borrow for the community's benefit: due to the payoff of the District's existing debt and the historically low interest rates, the District should be able to borrow this money at extremely favorable rates, with the goal of servicing the debt with a mill levy similar to the one currently in place for the soon to be paid-off debt.

Examples of the need for these funds are everywhere: improvements to the failing swimming pool decks and tile; replacement of the aging and inefficient pool filter systems; safer and more family friendly children's pool; safety improvements to the high dive; improved seating and shade options at the pool; upgraded playground equipment, including replacement of obsolete equipment and installation of more age appropriate equipment; repair of drainage issues affecting retaining walls; revamped irrigation system to improve efficiencies; improvements to the highly used Sailfish room; landscape improvements; and improvements to the tennis court screening are just some of the examples where the funds will be deployed to maintain and enhance these amenities that are part of the Sundance Hills experience.

This question does not require all of the money to be borrowed. Additional funding is available to the District through the Arapahoe County Open Space grant program and other grants, which if awarded, will be used to augment the funds raised by the District.

Part of the Sundance Hills experience is the pool, tennis courts, playgrounds and related amenities. These facilities make people want to live in Sundance and help maintain and raise our property values. Passing this question will help ensure that this continues. Please vote YES on this measure and keep Sundance a great place to live and thrive!

Summary of Written Comments Against Issue 6A:

Summary of Written Comments For Issue 6B:

The Sundance Hills Metropolitan District is responsible for the operation, maintenance, and repair of the District's park and recreation facilities, which include the swimming pool, Sailfish room, tennis courts and playgrounds. These facilities are the core of the community and provide all residents with safe and fun activities to share with their friends and families. Voting YES on this question will ensure that these facilities will remain a central gathering place for the community for years to come.

The District, like all governments, relies on property taxes and fees to operate and provide services and amenities to its residents. Over the years, the District's ability to raise revenues has been unable to keep up with the costs of maintaining its facilities at the level the residents of Sundance deserve. This has resulted in cuts in services and long-deferred maintenance to the community's facilities.

This small tax change will be deployed by the District to perform timely maintenance, respond to community requests for enhanced services, build an appropriately sized reserve fund to address planned and unexpected costs, and to ensure that the District continues to operate in a professional and responsible manner for years to come.

This question does not require the District to impose this additional mill levy every year, or even ever. Instead, it gives the District the needed flexibility and resources, in combination with the pool and tennis membership fee revenues, to meet the expenses incurred each year, to plan for the future, and to continue to provide the best experience to the community.

Part of the Sundance Hills experience is the pool, tennis courts, playgrounds and related amenities. These facilities make people want to live in Sundance and help maintain and raise our property values. Passing this question will help ensure that this continues. Please vote YES on this measure and keep Sundance a great place to live and thrive!
